II RESEARCH WORKSHOP ON “INSTITUTIONS AND ORGANIZATIONS”

São Paulo
September 02nd - 04th 2007

The **II Research Workshop on Institutions and Organizations** will be held at University of São Paulo (FEA/USP) from September 02nd to 4th 2007. The II RWIO is sponsored by three Brazilian Academic Institutions (Fundação Getúlio Vargas São Paulo, IBMEC São Paulo and University of São Paulo).

Seminar participants will discuss recent developments in the analysis of institutions and organizations through the lenses of Economics, Management, Sociology, Law and other social sciences. Instead of focusing on the contributions of specific disciplines dealing with institutions and organizations, workshop participants will emphasize differences and commonalities among different approaches, leading to potential advances and refinements in the field.

We encourage the participation of Brazilian and international institutions. The following program is based on both invited and selected papers.
